## Disclaimers

This report is subject to the Terms of Use and the following disclaimers:

The information contained in this report is provided for informational purposes only. While efforts were made to verify the completeness and accuracy of the information contained in this publication, it is provided AS IS without warranty of any kind, express or implied, including but not limited to the implied warranties of merchantability, non-infringement, and fitness for a particular purpose. In addition, this information is based on HCL's current product plans and strategy, which are subject to change by HCL without notice. HCL shall not be responsible for any direct, indirect, incidental, consequential, special or other damages arising out of the use of, or otherwise related to, this report or any other materials. Nothing contained in this publication is intended to, nor shall have the effect of, creating any warranties or representations from HCL or its suppliers or licensors, or altering the terms and conditions of the applicable license agreement governing the use of HCL software.

References in this report to HCL products, programs, or services do not imply that they will be available in all countries in which HCL operates. Product release dates and/or capabilities referenced in this presentation may change at any time at HCL's sole discretion based on market opportunities or other factors, and are not intended to be a commitment to future product or feature availability in any way. Discrepancies found between reports and other HCL documentation sources may or may not be attributed to different publish and refresh cycles for this tool and other sources. Nothing contained in this report is intended to, nor shall have the effect of, stating or implying that any activities undertaken by you will result in any specific sales, revenue growth, savings or other results. You assume sole responsibility for any results you obtain or decisions you make as a result of this report.

Notwithstanding the Terms of Use users of this site are permitted to copy and save the reports generated from this tool for such users own internal business purpose. No other use shall be permitted.

## Hardware

You can find information about the hardware requirements for HCL OneTest Server.

<b>Hardware</b>	<b>Platform</b>	<b>Requirement</b>	<b>Notes</b>
Disk space	Container	256 GB	Additional resources are required by the cluster for the execution of test assets.
Memory	Container	32 GB	Additional resources are required by the cluster for the execution of test assets.
Processor	Container	8 CPUs	Additional resources are required by the cluster for the execution of test assets.
Network	Container	Gigabit (1000) Ethernet	
Other hardware	Container		Operating system support is specified by the supported platforms: Ku-

Hardware	Platform	Requirement	Notes
			bernetes and OpenShift. Refer to their associated documentation for a list of supported operating systems.

## Operating systems and Containers

You can find details about the supported operating systems and containers.

### Contents

- [Operating systems \(on page 5\)](#)
- [Containers \(on page 5\)](#)

### Bit version support

Different parts of a product might run on the same operating system but support different application bitness.

For example, one part of the product might run only in 32-bit mode, whereas another might support 64-bit tolerate mode.

Bitness	Description
64-Tolerate	The product or part of the product runs as a 32-bit application in the 64-bit platforms listed as supported.
64-Exploit	The product or part of the product runs as a 64-bit application in the 64-bit platforms listed as supported.

## Operating systems

Operating system	Hardware	Bitness	HCL OneTest Server	Notes
Ubuntu Server 18.04 LTS	x86-64	64-Exploit	✓	Running K3s v1.18
Ubuntu Server 20.04 LTS	x86-64	64-Exploit	✓	Running K3s v1.18

## Containers

You can find details about the supported containers.

Container	Runtime	Version	Notes
HCL OneTest Server	OpenShift Container Platform	4.4	The Container Platform that is supported by OpenShift V4.4.3.

---

## Host prerequisites

You can find the prerequisites that support the operating capabilities for HCL OneTest Server.

## Contents

- [Licensing \(on page 6\)](#)
- [Web browsers \(on page 6\)](#)

## Licensing

License Server	Version	HCL OneTest Server
Flexnet Operations	2017R4	✓

## Web browsers

Browser	Version	HCL OneTest Server
Apple Safari	12 or later	✓
Google Chrome	78 or later	✓
Microsoft Edge	80 or later	✓
Microsoft Internet Explorer	11	✓
Mozilla Firefox (including ESR versions)	68 or later	✓

---

### Related information

- [System Requirements \(on page 2\)](#)

## Supported software

You can find details about the additional software that are supported.

### Contents

- [Development tools \(on page 7\)](#)
- [Runtime environment \(on page 7\)](#)

## Development tools

Supported software	Version	HCL OneTest Server
Git	2.19.0	✓
	2.22.0	✓

## Runtime environment

Supported software	Version	HCL OneTest Server	Notes
Helm CLI	3.3.4	✓	Required locally for Helm.
Jaeger Operator	1.20	✓	Required if tests contribute trace information. The version depends on the target platform.
OCP CLI (oc)	4.4	✓	Required locally for OCP.
OpenShift Container Platform (OCP)	4.4	✓	The Container Platform that is supported by OpenShift V4.4.3.
OpenShift Container Storage (OCS)	4.4	✓	The storage class must support Read-WriteMany (RWX) so that executions can be performed on all nodes.
